THE CHURCHWARDENS' REPORT,

EASTER, 1886.

In presenting their Report for the past year, the Churchwardens have again to congratulate the Vestry on the satisfactory condition of the finances of the Church, the Offertory showing a large increase over that of the preceding year; and the number of persons attending the Church has also increased. The receipts, including balance brought forward from last Easter, amount in all to the large sum of \$9,514.23. Of this sum \$1,120.83 was received through the envelope system, \$2,416.69 through the general offertory, and \$586.75 through the Clergy Fund; the balance, \$5,199.52, being contributed for special objects. The Mission Fund is considerably more than last year, owing to the parochial collection for 1885 not having been received by the Churchwardens in time for insertion in their last statement.

The average weekly offertory for the past year amounts to \$62.27, showing an increase of \$1.81 per Sunday over that of the former year.

The special collections on behalf of the new Sunday School Fund, including the balance brought forward from last Easter, amounts to \$3,037.15, but of this sum the Rector (Rev. John Pearson) has been repaid the \$1,000 advanced by him to secure the land, and the fee simple of the property is now vested in the Lord Bishop of Toronto.

The Churchwardens feel it their duty to state, that the \$1,000 was advanced by the Rector over a year since, and on handing him back the amount he declined to accept any interest whatever.

A Report from the Sunday School Building Committee will be presented, by which it will be seen that the Committee have had plans prepared, and advertized for tenders. They also have to propose a plan for the creation of a Sunday School Building Fund, so that the debt to be incurred in the erection of such School House can be gradually liquidated.

The Churchwardens have much pleasure in stating that they have been able to execute a portion of the necessary repairs to the Chapel and Parsonage, to which attention was called in their last report—they trust their successors in office will be able to complete the balance of repairs so as to place both the Parsonage and Chapel in a proper state of efficiency ; a large portion of the roof of the Chapel will require complete repair and the Chapel itself to be painted and cleaned.

In order to meet the additional expenses for the coming year the Churchwardens would earnestly ask the Congregation to be liberal in their contributions, and that the Envelope Committee use every exertion to increase the number of subscribers.

In accordance with a resolution passed at a former meeting, the Churchwardens had the resolution of condolence to the family of the late Rector, the Rev. W. S. Darling, engrossed and forwarded to Mr. F. Darling.

In conclusion, the Churchwardens beg to offer to the many ladies and gentlemen of the congregation who have sustained them in all their undertakings during the past year, their grateful and hearty thanks.

All of which is respectfully submitted.

H. P. BLACHFORD,	} <i>Churchwardens.</i>

New School House.

The School House Committee have great satisfaction in reporting that towards the end of last summer an active canvass was made by several ladies of the congregation, and that a sufficient sum was obtained to pay for the land which had been previously secured for a School lot. The land has been conveyed to the Bishop of the Diocese in trust for the purpose intended.

The Committee have obtained plans for the building, and recommend that an effort be made to collect from the congregation for the purpose of erecting the same; and that a similar effort be made annually until the debt incurred is liquidated. They also advise, that when the plans have been finally determined upon, the same be submitted to a special vestry meeting called for that purpose.

On behalf of the Committee,

JOHN PEARSON, *Chairman.*

Subscriptions to the amount of \$3037.15 have been received towards the purchase of the School House Lot and erection of the building ; the cost of the lot being \$2500, leaving 537.15 to the credit of the building fund. The following is the number of contributors :

It is very gratifying to see so large a number who responded to the appeal made for the purchase of the land, and the committee feel confident that the congregation will continue their liberality until the debt they are about to incur has been fully liquidated. The scheme proposed for raising the money is monthly subscriptions, and all members of the congregation are earnestly requested to contribute according to their means to this good work

Holy Baptism is administered, at the evening service, on the first Sunday in the month ; at any of the week-day services ; and on any Sunday at 5 o'clock.

Churchings at any of the week-day services, or at any time most convenient to those who desire to return thanks to Almighty God.

There are fifty candidates attending confirmation classes at present.

Application in respect to private baptism, marriages, sickness, funerals, or any other ministerial duty, can be made at the Parsonage, or to the Clergy after any of the services.

The Rector would be greatly obliged if all those who attend this Church, who are not known to him, would enter their names in one of the books kept for that purpose near the Font and at the West Door, or call at the Parsonage, 14 Trinity Square ; or kindly send a post-card, with their name and address.

Magazine.

A Magazine, called "Church Work," price 30 cents per annum, is largely circulated. Subscriptions received at the Parsonage.

Girls' Friendly Society.

The branch of this Society in this Parish was organized in the summer of 1883, and now numbers 40 members, exclusive of associates. The meetings are held every Monday evening at 7.30 in the School Room. Mrs. Sullivan is the President, and Mrs. G. S. Holmsted the Secretary-Treasurer. Other ladies in the congregation are associates.

Those not actively connected with this association, might, nevertheless, materially assist its operations by donations of material for work, *i. e.*, factory cotton, print or small pieces suitable for patch-work, etc.

Diocesan Funds.

The following sums have been contributed by the Congregation during the past year to the Diocesan Funds, viz. :

Diocesan Mission Fund.....	\$1600	68

Foreign “ “	63	70
Widows and Orphans of the Clergy....	103	25

Alms for the Poor.

The offerings at the early Communion, together with some additional sums placed in the general offertory for the purpose, amounting in all to \$220.85, have been devoted to the relief of the poor.

District Visitors.

There are several ladies who have kindly undertaken this work during the past year ; but there are still some streets for which the Clergy would be glad to find visitors. During the past year the inhabitants of seven of the streets west of Yonge Street have been personally invited by the Clergy to attend the Church, and cards containing a list of the services have been left at their houses.

The Dorcas Society.

This society met during the months of October, November and December, and the money collected was laid out in flannel, cotton, and shoes. The flannel and cotton were made up into articles of clothing by the members of the Society, and distributed among the poor of the Parish, on the recommendation of the District Visitors and others.

The Mothers' Meeting.

This is a branch of the Dorcas Society, formed for the purpose of enabling those of the congregation and parish who may desire it, to help themselves and their families with clothing. The meetings have been conducted by Mrs. Pearson every alternate Thursday night.

The Church Women's Guild.

The Church Women's Guild has met every Thursday afternoon during the past year. The proceeds of their work, amounting to \$20.00, was handed to the Churchwardens towards the School House Lot. They also made a number of cassocks and surplices for the Choir.

The Guild meets every Thursday afternoon at 2 o'clock, in the School Room. Any ladies of the congregation having time at their disposal will be gladly welcomed as members of the Society. The President, Mrs. Pearson, will be pleased to receive orders for plain sewing to be done by the members. The proceeds of the coming year will be devoted to the New Sunday School Fund.

Sewing School.

A Sewing School, in which plain needlework is taught, and which is attended by about 40 little girls, is conducted every Saturday morning by Miss M. Ince, Miss Pearson, Miss Wragge, and Miss Sullivan.

Clothing and Fuel Club.

The collectors received the following sums from the members of the Club :—

The total sum collected was \$2264.60, (as above) which was disposed of as follows :—

“ Coal “	..	..		1993	88
“ Clothing	..	..	..	14	00
Money returned to members to purchase other things	..	..		221	72
					\$2264 60

There were 147 members belonging to the Club.

Though the total sum invested in coal in 1885 was \$190 less than in 1884, there were 35 tons of coal more, delivered in 1885 than in 1884. The advantageous arrangements made last year enabled the members to get their coal at \$5 per ton during the whole winter ; this was very much lower than the current price. Should any of our own comgregation, not at present belonging to the Club, be desirous of joining it, they will be able to do so by letting Mrs. Pearson know, who will hand their name to the collector of that district.

The Trustees are Mr. S. G. Wood and Mr. Beverley Jones.

There has been, during the past year, a slight increase in the number of contributors on the Envelope System, showing 71 contributors only in this large congregation. We recommend that every effort be made to influence the members of the congregation who have not already adopted this system to do so.

One of the advantages of the system is, that while it does not interfere at all with the voluntary character of the offerings made, it induces those who adopt it to keep up their contributions to the sum which they themselves think they ought to give.

REASONS FOR CONTRIBUTING ON THE ENVELOPE SYSTEM.

1.—Because it is my duty, as a member of this Congregation, to give as God hath prospered me, towards the maintenance of His worship in this Church.

2.—Because I want to give systematically.

3.—Because I am unwilling, by neglecting my duty in this respect, to cast upon others the burthen of providing me with the ministrations of religion, when God has enabled me to assist in providing them for myself and others who are not as well off as I am.

4.—Because I know, that whether I am present or absent from Church, the expenses of carrying on the services of the Church are the same; and if I do not contribute in the Envelope System, I might forget to make up for those occasions when I have given nothing, or less than I ought, or omitted to send my offering.

5.—Because I want to give more, rather than less, than the sum which—being my own judge—I think I ought to give.

The accounts being kept by means of numbers on the Envelopes, the amount of each person's contributions is known only to himself and the Churchwardens for the time being.

<i>Senior and Intermediate Classes.</i>

The average attendance being 203.

The Librarian's Report stated that the Library had been placed in thoroughly good condition by the addition of 196 new volumes, the rebinding of 45 volumes, and printing of a new catalogue. Much care has been taken, as on former occasions, in the selection of the new books, so as to ensure their being not only of an interesting and instructive character, but also, as far as possible, suitable for a Church of England Sunday School.

The Treasurer's Report showed receipts from all sources, (including balance in hand from the previous year) of \$347.84, and an expenditure (including the sum of \$60 remitted to the Indian Homes at Sault Ste. Marie) of \$295.03, leaving a balance in hand of \$52.31, out of which the remaining debt incurred for the additions and improvements to the Library was liquidated.

Hearty acknowledgements, as in former years, are due to the congregation for their liberal donations in money and provisions for the Summer Excursion and Christmas Treat. These were successfully carried out during the past year. The Officers, Teachers and Scholars are eagerly and hopefully looking forward to the erection and completion of the new School House, and bespeak the generous aid of all the members of the congregation in bringing this important work to a speedy conclusion.

S. G. WOOD, Superintendent.

The Choir.

Under the able direction of Mr. A. R. Blackburn, the Choir continues faithfully and efficiently to render its part in the Musical Services of the Church. A hearty vote of thanks to the Members and Organist was passed at the Easter Vestry, which undoubtedly gave expression to the feelings of the congregation towards them for their valuable and devoted services.

Young People's Association.

It is gratifying to state that the Association has been enabled to complete its programme for the season in a most satisfactory manner. A course of Lectures and open Concerts were arranged for the season, all of which have been fully carried out. Lectures were delivered by the President, Mr. Alan Macdougall, C. E., W. Batington, Esq., of the School of Practical Science, John Hague Esq., F. S. S., the Rev. John Pearson, Dr. Natters, and Mr. Holmestead, to all of whom the thanks of the Association are due.

The Bishop of Toronto heartily consented to be our Patron again in a most kindly letter. On account of Mr. Blackburn's numerous engagements he was unable to fulfil the duties of musical director; his place being taken by Miss O'Reilly, to whom the Association is much indebted for the most satisfactory fulfilment of an arduous position. An Association of the same nature has been formed in connection with St. George's Church, Guelph, who hearing of the success of our own, have been in correspondence with us on several occasions on matters of detail and business, which we think may be accepted with gratification as a proof of our well-being.

The number of active members for the past season is 58, a decrease of 19 from last year; this we think is attributable to insufficient accommodation; and feel certain that the sooner the new School House is built the better, as greater interest will be taken, both by the Congregation and the Members of the Association, in the welfare of a most important branch of the worshippers in Holy Trinity.

It is to be regretted that so few (in comparison with the size of the congregation) of the young men are on the roll

of the Association, as it must be remembered that the principal object of this Society is the advancement of the general interests of the Church in which they worship. Nevertheless, the Association is quite satisfied with its success, and feel that with the hearty co-operation of the congregation its past, and we will venture to say, future endeavors, will not have been in vain. The annual meeting for the election of officers, and arrangements for lectures, etc., will be held as usual in October next.

All of which is respectfully submitted.

ALAN MACDOUGALL, President.

HERBERT E. RUDGE, Secretary-Treasurer.
